## DETAILED ACTION

### *Notice of Allowability*

An **Examiner's Amendment** to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Angela Guo, on 11/09/2005.

On November 22, 2005, examiner received permission to cancel claims 1-7, 11, 12, 20, 22-27, 32, 34-60.

Examiner rejoined claims 28-30 since they refer to a method for detecting the presence of the nucleic acid.

### **Examiner's Amendments to the Claims:**

1. Please cancel claims 1-7, 11, 12, 20, 22-27, 32, 34-60.
2. Please amend **claim 31**, paragraph (a) as follows:

Delete the whole paragraph (a) in claim 31 and replace with --(a) a nucleic acid sequence having at least 80% identity to the nucleic acid sequence depicted in SEQ ID NO:2;---

3. Please amend **claim 33**, in the second line as follows:

Delete the phrase --at least about-- and replace it with --at least--

***Allowable Subject Matter***

Claims 8-10, 13-19, 21, 28-31, and 33 are allowable.

The following is an **Examiner's Statement of Reasons for Allowance**: The prior art of record does not teach or suggest the instant invention. Therefore, the claims are allowable over the art of record.

Examiner consulted Carla Myers from the art unit 1634, regarding the activity or function of a DNA, as claimed in the instant invention. Examiner was informed that because the Applicant claims DNA and not a protein, DNA has no activity and no function, and therefore, the written description rejection requiring disclosure of a functional activity for the DNA as claimed is not required.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Agnes Rooke whose telephone number is 2055. The examiner can normally be reached from 6:00 AM to 4 PM, except Fridays.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Dr. Jon Weber can be reached on 571-272-0925. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
